Accel® for Merchants, Acquirers and Processors

Enhance Consumer Experiences and Drive Profitability With Real-Time Payments and Funds Access

Accel debit payments network from Fiserv is a leading U.S. debit payments network that accelerates ATM, retail, online and social payments and funds access through real-time enablement – all while improving your bottom line.

Debit payments are a winning solution for everyone. Consumers enjoy the convenience of accessing their funds and making payments anytime and anywhere, while your organization offers secure and flexible payment options that consumers want. With Accel you have access to millions of consumers from thousands of financial institutions throughout the U.S. and Canada with Accel.

Maximize revenue while minimizing your network investment and participation costs with our transparent pricing strategy and integration with leading payments applications. Accel enables secure, real-time funds access and payments for ATM, point-of-sale (POS) and e-commerce transactions as well as online bill payments and money transfers.

Offer consumers and small businesses the convenience and flexibility they demand with our accelerated payment and funds access solutions ranging from debit, ATM, prepaid and healthcare cards to innovative

cardless payments. With Accel you benefit from competitive rates and switch fees as well as expanded revenue opportunities to improve your bottom line.

Flexible and Functional

Backed by more than 40 years of debit and payments expertise, Accel delivers a multitude of ways for consumers to access their funds, make purchases and send and receive money in real-time. A broad range of capabilities include point-of-sale (POS) programs for PIN debit, PINless bill payments, no-PIN transactions, e-commerce transactions and money transfer transaction programs. Our expansive Accel ATM network covers all 50 U.S. states, territories and Canada, and offers optional surcharge-free and deposit-accepting programs.

Accel processes transactions within PCI-compliant Fiserv data centers that provide complete redundancy and business continuity plans.

No Card, No Problem

CardFree CashSM from Fiserv revolutionizes the financial self-service industry – enabling you to provide cardless access to cash when consumers need it most. Enabling your ATMs with Accel and CardFree Cash puts you on the path to incremental transaction growth and new fee revenue opportunities. Increase ATM traffic and gain a competitive edge with this innovative network-based solution.

Fiserv is driving innovation in Payments, Processing Services, Risk & Compliance, Customer & Channel Management and Insights & Optimization. Our solutions help clients deliver financial services at the speed of life to enhance the way people live and work today. Visit fiserv.com to learn more.

Innovative, Cost-Effective Solutions

Leveraging the Accel network positions you to seamlessly deliver secure and convenient payments and funds access solutions and avoid costly and time-consuming system development. This allows you to deliver the immediate transactions consumers want, while effectively managing payment program expenses.

Fiserv leads the payments industry with its innovative, secure and convenient suite of funds access and payment solutions, including:

- PIN debit
- PINless debit (bill pay, POS)
- No PIN+ (signature optional)
- CardFree Cash
- Prepaid cards
- Healthcare cards
- Money transfers
- EMV® chip cards
- Tokenized payments
- ATM solutions
